the author posits that all generally accepted chronology before the 16th century is in error by hundreds or thousands of years

moscow russia history of the city travel and tourism moscow is a city of tremendous power and energy hulking gothic towers loom over broad avenues that form a sprawling web around the kremlin and course with traffic day and night the soviet past looms large but the city embraces capitalism with gusto although muscovites are protecting some of their architectural heritage they re also creating a new often controversial legacy in the form of soaring skyscrapers and shopping malls with a population of more than 11 million moscow is russia s largest city and indeed the largest and one of the most rapidly changing cities in europe founded in the 12th century as the center of one of several competing principalities moscow eventually emerged as the heart of a unified russian state in the 15th century one hundred years later it had grown into the capital of a strong and prosperous realm one of the largest in the world but under peter the great 1672 1725 the city was demoted influenced by his exposure to the west peter deliberately turned his back on the old traditions and established his own capital st petersburg on the shores of the baltic sea yet moscow continued to thrive as an economic and cultural center and more than 200 years later within a year of the bolshevik revolution in 1917 the young soviet government restored its status as the nation s capital the city became the undisputed political and ideological center of the vast soviet empire and even though it has been nearly two decades since that empire broke apart the city retains its political industrial and cultural sway as russia s capital it s the home of some of the country s most renowned cultural institutions theaters and film studios it s also the country s most important transportation hub even today many flights to the former soviet republics are routed through moscow s airports to fortify and spur forward russia s giant economy the government and city s business communities actively court outside investments and set ambitious economic agendas for visitors this translates into a modern fast paced city with an increased availability of western style services and products but even as moscow becomes a hub of international business activity it s determinedly holding onto its russian roots restaurant kitchens many of which strove to satisfy russians thirst for foreign tastes in the 90s are turning back to the country s native cuisine serving gourmet borscht and delicious pelmeni bite sized dumplings retro soviet nostalgia is chic with young hipsters who were barely born before the soviet union split up business deals may no longer be made over a banquet table and sealed with a shot of vodka but muscovites take hospitality seriously as a visit to any private home will show you this tradition of welcoming with open arms has persisted alongside a less generous soviet mentality however stubborn indifference remains the default attitude of staff at some hotels restaurants

and stores this is gradually fading but you might still be faced with surly ticket sellers or even ungracious hotel employees especially if trying to communicate strictly in spoken english as russia enters its third decade of post soviet life development and reconstruction are at an all time high parts of moscow especially within the boulevard ring bulvarnoye koltso are now clean safe and well kept many of these buildings are designed to be harmonious with the ancient russian style but there are a growing number of shockingly modern steel and glass office towers particularly in central moscow the decades ahead promise more change and hurdles to overcome but this city has survived devastating fires an invasion by napoléon and more than half a century of alternating demolition and breakneck construction by the soviets moscow is ready for anything

this book presents the ups and downs of the soviet turkish relations during world war ii and immediately after it hasanli draws on declassified archive documents from the united states russia armenia georgia turkey and azerbaijan to recreate a true picture of the time when the turkish crisis of the cold war broke out it explains why and how the friendly relations between the ussr and turkey escalated into enmity led to the increased confrontation between these two countries and ended up with turkey s entry into nato hasanli uses recently released soviet archive documents to shed light on some dark points of the cold war era and the relations between the soviets and the west apart from bringing in an original point of view regarding starting of the cold war the book reveals some secret sides of the soviet domestic and foreign policies the book convincingly demonstrates how soviet political technologists led by josef stalin distorted the picture of a friendly and peaceful country turkey into the image of an enemy in the minds of millions of soviet citizens

vilna polish wilno modern vilnius and capital of lithuania was the traditional spiritual and intellectual centre of jewish thought in the russian empire it was often referred to as the jerusalem of lithuania a term that has now come to stand for the lost world of jewish life in europe most people today learned what they know about this vilna from autobiographies or personal memoirs this book takes a more objective look at how vilna became a uniquely important centre of the jewish press in particular it follows the development of the jewish press within the context of modernising imperial russia during the second half of the nineteenth century vilna is revealed as an important centre for the jewish socialist movement the bund towards the turn of the nineteenth century and in the years running up to the 1905 revolution bundist journalism is discovered to be the sponsor of a jewish cultural ideology called yiddishism

contains over 800 entries ranging from lord acton and anna comnena to

howard zinn and herodatus to simon schama over 300 contributors have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from

originally published in a different version in 2007 in russian by molodaia gvardiia as mao tzedun title page verso
