please note this is a companion version not the original book sample book insights 1 the day of the inauguration january 20 2021 is not the end of the fight against trumpism defeating trump is not enough defeating trumpism must be the goal 2 trumpism is a somewhat ambiguous concept it is not a philosophy but rather a collection of tactics that can be used to win elections the tactics range from sowing racial division to turn out the base to lying and propaganda 3 i was wrong and this republican was right trump is the beginning of the next era of the republican party not the end of the last era trumpism and what it has wrought will be here for a long time 4 trump s victory in 2016 imbued him with a sort of political magic in the eyes of many observers who proudly predicted that he was doomed trump taught republicans that the best way to win was to be like trump

please note this is a companion version not the original book sample book insights 1 i have been involved in politics for more than 20 years and i have seen first hand the battle between the republicans and the democrats while america is always quite divided that division exists because of a shared set of facts and a mutual understanding of the challenges 2 in 2004 tim johnson a democrat beat thune a republican by a margin of 524 votes republicans were convinced that voter fraud and media bias were to blame and they did not accept the legitimacy of the election 3 the first of its kind the conservative blogosphere helped fuel the republican campaign to remove daschle in exchange for the black hills of south dakota the old rules didn t apply anymore 4 i can t blame this initiative for the loss of daschle as the democrats were hit with a tough election in 2007 however i was disturbed by the fact that a random conspiracy theory mentioned by a fox doofus could get a major network to fly across the globe to confirm that conspiracy theory
